

California Partnership for the
San Joaquin Valley

June 2016

To California Partnership for the San Joaquin Valley Board Members
From Mike Dozier, Lead Executive
Subject Hosting the Quarterly Meeting

Dear Board Members,

Since its inception, the California Partnership for the San Joaquin Valley (Partnership) has held its quarterly board meetings in different counties and locations up and down Valley. It has been the practice that a Board member from the host county arranges for a location for the Board meeting and for catering of beverages and lunches.

More importantly, we rely on you to set up a panel for the Board meeting to discuss issues of concern for your county. This is an opportunity for your local government and business community to bring up issues, programs or projects of which you would like the state officials and Valley delegation to be aware. In essence, what would you like the board to know more about today?

I realize all of this can be rather overwhelming, but rest assured that we are here to help you. Emily Pasquarelli will work with our hosts to provide support in location layout and meeting arrangements and is here to help you in any way she can.

We hope you will embrace the opportunity to host a meeting and showcase the successes and challenges of your county, communities and residents.
